School Safety Task Force  
Workgroup #4

**Goal of Student Safety Task Force:** Evaluate current protocols and practices, and investigate best practices to ensure the school division is providing a safe, supportive, and nurturing learning environment.

**Product:** White paper to include prioritized recommendations to the CCPS Safety Task Force

---

---

---

---

---

---

---

---

**Original Scope of Work:**

- Role of Student Support Services Personnel (school, counselors, psychologists and social workers) in School Safety
- Partnership with Chesterfield County Government, to include Chesterfield Mental Health and Social Services
- Suicide Awareness and Prevention efforts
- Drugs in School and the Opioid Crisis, to include discussion regarding school curriculum in Virginia Beach Schools
- Online Safety and Cybersecurity/Privacy efforts

**Next Steps**

1. As a work group member, I need to describe current CCPS mental health protocols and practices so that I can communicate current mental health services and resources to the task force.
2. As a work group member, I need to evaluate current practices compared to best practices so that I can communicate existing needs to the task force.
3. As a work group member, I need to make recommendations to the task force so that I can close the gap between current and best practices.
