### Private or Homeschool Student Referral Form

Those whose main residence exists in Chesterfield County but whose child is currently in second grade or higher and is not enrolled in a Chesterfield County public school must complete this form if they wish their child to be evaluated for gifted services eligibility prior to enrolling for the next school year. Verbal or email communications do not serve as a substitute for this form.

Referral windows are the recommended times to refer, as they occur prior to the division's established gifted assessment dates and CBG Academy decisions for particular grade levels. For students to be assessed during the testing window for their grade level, signed and dated referral forms must be submitted to the public school students would attend if enrolled by the end of the school day on the deadline date. Referral deadlines are as follows:

- October 15 - Referrals for students currently in grade 5
- January 15 - Referrals for students currently in grades 2-4 and grades 6-12

If any of these dates falls on a weekend, school holiday/break, or snow day, the deadline is the end of the next school day in which school is in session.

The CCPS school the child would attend if enrolled will process the referral, and any required testing will occur at this location according to the group testing schedule established by that school. It is the parent's responsibility to ensure that the child attends these scheduled sessions. Additionally, required components of the identification protocol, such as grades, work samples, and teacher perception inventories will be requested from the student's current nonpublic school. These components must be provided in order to determine student eligibility for services.
