Chesterfield County Public Schools

Student Enrollment and Redistricting Overview

Atonja Allen, Senior Planning Administrator
Nov. 29, 2018 * CBAC Meeting

Student Enrollment

	Projected Enrollment 09/30/2018	Actual Enrollment 09/30/2018	Percent Difference	Projections 2019-20	Projections 2020-21
Elementary	26,810	26,944	0.50%	27,166	27,305
Middle	14,615	14,534	0.56%	14,751	14,965
High	19,072	19,037	0.18%	19,053	19,360
Total	60,497	60,515	0.03%	60,970	61,630

Redistricting Overview

- Preliminary redistricting proposal was presented to School Board on October 9, 2018
 - Community meetings were held on October 17 and October 30
- Revised redistricting proposal was presented to School Board on November 13, 2018
 - Community meetings were held on November 20 and November 27
- Staff will present final redistricting plan for School Board consideration based on all citizen input at December 11, 2018 meeting

Opportunities

- Create student attendance zone for new Old Hundred Elementary School
- Relieve existing overcrowding at Watkins and Swift Creek elementary schools
- Leave space in school attendance zones where higher levels of residential growth are occurring
- Rebalance elementary school enrollments throughout parts of the Midlothian, Clover Hill and Matoaca magisterial districts
- Additional changes to nearby school attendance zones proposed to balance enrollments and improve operational efficiencies
