

James River High feeder pattern meeting

MORE THAN SAD

American Foundation for Suicide Prevention Presentation

The American Foundation for Suicide Prevention (AFSP) will present the program, "More Than Sad," which teaches parents how to recognize signs of depression and other mental health problems, initiate a conversation about mental health with their child, and get help.

Following the presentation, a panel of representatives from AFSP, Chesterfield County Public Schools Student Support Services and Chesterfield Mental Health will answer questions from the audience about how to best keep our children healthy and safe.

January 30, 2017

6:30 p.m.

Robious Middle School
2701 Robious Crossing Drive
Midlothian, VA 23113
