SUMMER PROGRAM

Brethren Woods’ summer program is based on small group camping with an emphasis on creating and nurturing intentional community. Campers learn how to function in a group, sharing feelings, experiences, and their faith. To encourage campers to return each year, our program offers different levels of adventure. Our youngest campers enjoy the camp’s traditional activities, while older campers can find new opportunities and experiences, on and off the Brethren Woods' site. Older campers may have more rustic living quarters, cookout more often, or work on outdoor living skills. They can also choose specialty camps or more adventure-based programming that includes the challenge course, outpost camping, biking, canoeing, horseback riding, caving, and rock climbing. Registration for all overnight camps begins at 6:00pm on the first evening and ends with a closing program at 5:30pm and sign-out at 6:00pm on the last evening of camp. Registration for day programs is between 8:00-9:00am each morning and pick-up is between 4:30-5:30pm each afternoon.
Weeklong, overnight summer camp sessions for children six years of age through adult run throughout the summer. (Day options are also available.) Nursing staff provides 24-hour onsite medical services during summer camp.

A few of our activities include:

- Swimming at the Camp Baker pool
- Hiking Camp Baker's nature trails
- Horseback riding and canoeing

FROM ADVERSITY THE BIRTH OF AN IDEA.

Nobody enjoys the beach more than Josh Thompson. He was an avid surfer. He loved taking his family to the beach. He grew up on the beach and thought he’d be riding his board for years to come. But in late 2006, Josh was diagnosed with amyotrophic lateral sclerosis, better known as ALS or Lou Gehrig’s Disease. Josh had to turn his attention from riding waves to fighting ALS, a battle few so young have to face.

We can guarantee they would agree that in some way a transformation has occurred. This visionary approach to our mission allows us to keep pushing forward and aiming high—just as we ask of each of our athletes!

Smart Camping Guide
There are many wheelchair accessible campgrounds available to choose from. It’s worth contacting them by telephone or finding out as much as possible on the internet to check what amenities are available and how easy are they to get to from a pitch. Some places are able to offer sites that are more accessible and disability friendly than others. It depends if the land for the site is practical for wheelchair use and the costs involved for adjustments is reasonable for them to make.

Research shows that children who read for pleasure in the summer do better and forget less when they go back to school. And it’s not just in reading. Kids who don't read over the summer can slide backward in all subject areas. This means the summer months and other breaks from school offer great opportunities for families and caregivers to help improve reading and writing.
