

Chesterfield County Public Schools

Innovative. Engaging. Relevant.

## GET SENIOR YEAR READY!

### **Vaccine required for Virginia students before entering 12th grade:**

A minimum of two doses of meningococcal conjugate (MenACWY) vaccine are required by law before students enter 12th grade. The first dose should be administered before entering seventh grade. The final dose should be administered before entering 12th grade. Meningococcal vaccines help protect against the bacteria that cause meningococcal disease.

**Get your vaccines now.** Call today to make a wellness appointment with your health-care provider and get your shots updated. Health Department immunizations are available by appointment only for children age 18 and under. To schedule an appointment, call 804-768-7454.

**Inform your school.** Provide a copy of the immunization record to your high school as soon as possible.

## REQUIRED FOR SENIOR YEAR!
